MUHAMMAD ALYAN SHAHID

Full Stack Developer

Islamabad, Pakistan | hafizalyan66@gmail.com | linkedin.com/in/alyan-shahid-a1a81a262 | github.com/codezworl

PROFESSIONAL SUMMARY

Full Stack Developer with hands-on experience developing and maintaining scalable front-end and back-end web applications across the MERN stack (MongoDB, Express.js, React.js, Node.js) and NestJS. Skilled in writing clean, efficient, maintainable code, implementing and testing use cases for APIs, and ensuring seamless integration between front-end and back-end systems. Experienced in debugging, troubleshooting, and optimizing legacy code for performance and scalability, participating in code reviews, and leveraging AI-assisted development tools for code generation, refactoring, and productivity gains, while following responsible and secure AI practices around data privacy and cost optimization. Comfortable collaborating with product designers, product managers, and engineers in agile, cross-functional teams to deliver user-friendly, high-performance software.

TECHNICAL SKILLS

Languages: JavaScript, Python, PHP, C#

Frontend: React.js, HTML5, CSS3, Tailwind CSS, Bootstrap, Responsive Web Design

Backend: Node.js, Express.js, NestJS, Laravel, REST APIs

Databases: MongoDB, SQL (MySQL)

Tools & Practices: Git/GitHub, WebSockets, WebRTC, API Testing & Use Cases, Code Reviews, Debugging & Performance Optimization, AI-Assisted Development Tools, Agile Collaboration

Design: Figma, Canva

PROFESSIONAL EXPERIENCE

Full Stack Developer — TechScale

Aug 2025 – Present

- Develop and maintain scalable front-end and back-end web applications using MongoDB, Express.js, React.js, and Node.js, following clean, efficient, and maintainable coding practices.
- Write and implement use cases and test cases for APIs, ensuring seamless integration between front-end and back-end systems.
- Collaborate with designers and engineers to build user-friendly, high-performance software, and participate in code reviews to maintain quality standards.
- Built and maintain HRMS (hrms.techscale.io), an internal HR management system application.

Front End Engineer — Social Swirl

Jun 2024 – Sep 2024

- Built responsive, cross-browser web interfaces using React.js and JavaScript.
- Worked with the team to translate designs into functional, high-performance UI components.

Co-Ambassador — Fast Softec

Jan 2024 – Aug 2024

- Promoted technology events and engaged students through workshops and outreach initiatives.

Python Trainee — Digicon Valley

Apr 2024 – May 2024

- Practiced Python for data handling, scripting, and problem-solving exercises.

Web Developer Intern — Codemo

Jun 2023 – Aug 2023

- Assisted in building dynamic, responsive websites using HTML, CSS, JavaScript, and PHP.

• Contributed front-end development for the DK Recruitment platform (dkrecruitment.pk).

EDUCATION

Bachelor of Computer Science — Riphah International University
2021 – 2025

FSc Pre-Engineering — Punjab College
2018 – 2020

Web Development Diploma (3 months) — ICT Training Institute, Johar Town
Jun 2022 – Aug 2022

PROJECTS

HRMS (TechScale) — Internal HR management system built and maintained as part of full-stack development work at TechScale. (hrms.techscale.io)

UnityStack – MERN Stack Student Platform — Student community platform with project sharing, live sessions (WebRTC), and real-time chat (Socket.io). React, Node.js, MongoDB. (github.com/codezworl/UnityStack2.0)

SpamShield – AI Spam Detection — AI/ML-powered system detecting financial scams, phishing links, and spam patterns. Python, JavaScript. (spamshield-wr6k.vercel.app)

Pak Hotel – Hotel Management UI — Responsive hotel booking and login interface. HTML, CSS, JavaScript. (pak-hotel-85fdbb.netlify.app)

SortMaster – Algorithm Visualizer — Real-time visualizer for Bubble, Quick, and Merge sort with performance metrics. JavaScript, HTML, CSS. (sorter-theta.vercel.app)

Speakify – Text-to-Speech App — Multi-language text-to-speech web application. Python, JavaScript, Web APIs. (speakify-okjl.vercel.app)

DK Recruitment — Front-end development for a recruitment services platform. (dkrecruitment.pk)

5Rhythms Website — Web development and maintenance contribution for this website. (5rhythms.com)
