MUHAMMAD ALYAN SHAHID

Full Stack Developer | Node.js, React, TypeScript, Cloud & REST APIs

Lahore, Pakistan | hafizalyan66@gmail.com | linkedin.com/in/hafizalyan | github.com/codezworl | alyan-mu.vercel.app

PROFESSIONAL SUMMARY

Results-oriented Full Stack Developer with practical experience architecting and maintaining production-grade web systems using React, TypeScript, Node.js, Express, and NestJS. Engineered TechScale's internal HRMS from the ground up, reducing API response times by 30% and supporting 100+ active users. Adept at creating robust REST APIs, modeling NoSQL/SQL schemas, setting up automated CI/CD pipelines, and integrating real-time communication protocols.

TECHNICAL SKILLS

Languages:	TypeScript, JavaScript (ES6+), Python, PHP, HTML5, CSS3
Frontend Frameworks:	React.js, Next.js, Redux Toolkit, Tailwind CSS, Bootstrap, Responsive UI
Backend & APIs:	Node.js, Express.js, NestJS, RESTful Architecture, WebSockets (Socket.io), WebRTC
Databases & ORM:	MongoDB (Mongoose), MySQL, Relational Schema Design, Query Optimization
DevOps & Testing:	Git/GitHub, GitHub Actions (CI/CD), Postman API Testing, Jest, Jira, Linux

PROFESSIONAL EXPERIENCE

Full Stack Developer – TechScale Lahore, Pakistan | Aug 2025 – Present

- **Full Lifecycle Engineering:** Architected and delivered an enterprise HRMS platform serving 100+ internal staff, utilizing React/TypeScript on the frontend and Node.js/MongoDB on the backend.
- **API Security & Performance:** Designed 25+ modular REST endpoints protected by JWT and role-based access control (RBAC); optimized MongoDB indexes, decreasing median query latency by 30%.
- **CI/CD & Automated Delivery:** Constructed automated GitHub Actions deployment pipelines, standardizing code quality gates and eliminating manual deployment errors across environments.
- **Quality Assurance:** Authored integration test suites, tracked sprint defects via Jira, and resolved cross-functional feedback from both engineering and non-technical stakeholders.

Frontend Engineer – Social Swirl Lahore, Pakistan | Jun 2024 – Sep 2024

- **Component Architecture:** Converted multi-page Figma mockups into reusable, modular React.js components adhering to strict accessibility and responsive design standards.
- **Cross-Browser Compatibility:** Debugged CSS/layout rendering issues across Chromium and Safari engines, boosting page responsiveness and mobile load performance.

Web Developer Intern – Codemo Lahore, Pakistan | Jun 2023 – Aug 2023

- **Client Portal Development:** Contributed to the DK Recruitment web platform by authoring dynamic server-side scripts in PHP and client interactions in JavaScript.
- **Database & Form Handling:** Validated applicant inputs and integrated relational database tables to reliably capture and sanitize candidate submission data.

KEY TECHNICAL PROJECTS

TechScale HRMS [Live: hrms.techscale.io] React, TypeScript, Node.js, Express, MongoDB

- Centralized company attendance, leave approvals, and employee profile records into a single administrative console featuring dynamic permission layers and real-time status updates.

5Rhythms Global Platform [Live: 5rhythms.com] TypeScript, React, Node.js APIs

- Engineered and maintained international workshop booking workflows, supporting calendar scheduling, currency handling, and global user registration flows with zero unscheduled downtime.

Loja do E-commerce & Interactive Media [Live: lojadoecommerce.com.br] Full-Stack Web, WebRTC, Socket.io

- Maintained e-commerce client flows for Brazilian retail solutions; developed **UnityStack** (real-time chat and WebRTC audio/video sessions) and **SpamShield** (ML classification pipeline).

EDUCATION & CERTIFICATIONS

BS in Computer Science
Riphah International University
2021 – 2025 | Lahore, Pakistan

Professional Credentials
• AWS Academy Cloud Architecting
• Cisco JavaScript Essentials 2 & Intro to Cybersecurity
